

PROJECTWAY

INTRODUCING OUR NEW LOOK

This year we celebrate 18 years of project services to more than 60 clients across 5 countries. In the process we completed more than 200 projects and studies.

Apart from actively developing and implementing capital projects in various industries, ProjectWay also contributed to the profession. This included:

- The developing ISO 21500 – Guidance for Project Management
- Sub-group lead for ISO 21505 – Governance of projects, programmes and portfolios
- Co-founding the Africa Chapter of the Construction Industry Institute
- Winning the 2016 IPMA Young Project Manager of the Year Award
- Complete Assessor Training for IPMA Project Evaluation
- Registration of Project Management Professionals

ProjectWay is currently involved in various projects in the Automotive, Health Care and Construction industries and look forward to be of service to our loyal previous, current and future clients.
